

Dear Collegiate Families and Friends

“The only limit to the height of your achievements is the reach of your dreams and the willingness to work hard for them.”

Michelle Obama

The Class of 2023 have received their National Senior Certificate results, a testimony to the reach of their dreams. We commend them on their hard work. It is with great pride that we announce that we are the only school from 2019 to 2023 to receive a 100% pass rate in the province. We are 100% proud of our 100% pass rate. There were 138 Collegiate candidates who wrote the examinations and 97.8% qualified for degree courses and 1.72% qualified for diploma courses. In addition to impressive NSC results, Collegiate had a number of learners enrolled for the IEB Further Studies Mathematics and English programmes. We could not have asked for a brighter start to our year of celebrating 150 years of excellence than seeing our Class of 2023 celebrating today as they collected their results.

TOP IN THE GRADE:

Nicole Lister wrote seven NSC subjects - obtaining over 90% for three of her subjects:

English HL
Afrikaans FAL
Mathematics
Life Orientation
Accounting
History
Life Sciences

In addition, her average for all seven subjects was an impressive 90%.

Nicole Lister, our School Dux, attained the top marks in her grade and we congratulate her on her work ethic and her generosity of spirit. Nicole reports that self motivation was her key to success and that she gained much from reaching out to help others. Nicole assisted learners in the St James outreach programme and at Collegiate through the Studying Sisterhood initiative. Nicole believes that what helped her was time management, regular revision using cue cards (which her brother teased her about) and having a balance (hence her love for Netball). She is grateful to her family for always believing in her and to her phenomenal teachers and school and she treasures the support and opportunities that she was offered. One of her enduring memories will be the theft of her school bag with all textbooks, notes and summaries. She realised that we can come back stronger from setbacks and that her teachers were amazing people who helped and supported her.

WE CONGRATULATE THE FOLLOWING GIRLS ON ACHIEVING SEVEN DISTINCTIONS EACH:

It is a huge honour to report on such excellent results. We are pleased with the grade average of 70%. Furthermore, 8 of the 19 NSC subject averages were 70% or more. Impressively, 98.5% of our young ladies achieved above 50% as an aggregate and 14.5% achieved an A aggregate.

The realising of the dreams of our learners would not have been possible without the dream-shapers who supported the Class of 2023. We acknowledge the immense role that parents, guardians, siblings, role models and teachers have played in the process of actualising the results of our learners.

We thank the Collegiate Community who make Collegiate the proud educational institution that it is and that gives its learners a solid foundation on which to build their lives.

Yours in education,

Mrs Louise Frasmus
